INTERSHIPS

MERN STACK - Better Tomorrow 2024

Successfully completed a rigorous MERN stack internship, honing skills in Mern-stack web development. Delivered innovative solutions, blending creativity with technical expertise. Acquired hands-on experience in building dynamic web applications. Ready to leverage MERN proficiency in future projects.

Cloud Computing(AWS) - DXC Technologies 2024

Completed a cloud computing internship with a focus on AWS, gaining expertise in cloud infrastructure and services. Designed and implemented scalable solutions, demonstrating advanced proficiency in cloud technologies.

PROJECTS

ISTORE

Built IStore, an innovative e-commerce solution utilizing React for the frontend, Express and Node.js for the backend, and MongoDB for database management. Implemented key features like user authentication, product management, and secure payment processing, demonstrating proficiency in full-stack web development.

Tech Stack - React , Express , Node , MongoDB

Travel Booking Platform

Developed a user-friendly travel booking platform that integrates travel destinations, accommodation bookings, and activity planning into a seamless experience.

Tech Stack - React , Express , Node , MongoDB

CERTIFICATIONS

SQL Certifications from Hackerrank HackerRank offers SQL challenges Hackerrank	2024
